

Single and Dual NATO Adapters

Single Receptacle NATO Adapter P/N 100237- 501

NATO ADAPTERS

The NATO Adapter accessory has been designed by The Dewey Electronics Corporation for use with the following:

Generator Description	Model Number
2kW 28 VDC Military Tactical Generator Set	MEP-501A
2kW 28 VDC Militarized Generator Set	DEWEY-501A
2kW 28 VDC Militarized Current Limiting Generator Set	DEWEY-501A-CL

It mounts directly to the open frame and allows secure connection of the NATO plug by means of the attached Velcro® strap which holds the NATO plug in place, even during times of generator operational induced vibrations. The NATO Adapter is available in the Single Receptacle configuration P/N 100237-501 and the Double Receptacle configuration P/N 100292-501.

When attached to the 2kW 28V DC generator output terminal lugs, the receptacle delivers a maximum of 85 Amps of 24 V DC power for use by either the single or double receptacle. The adapters come complete with mounting hardware for quick installation.

Double Receptacle NATO Adapter P/N 100292 - 501
